Leask Community Hardware Ltd

All businesses are important to the community and
the loss of services impacts residents, the
surrounding community and other businesses within
the Village. Council feels that when it is within their
power and in the best interest of its residents, that
action be taken to retain those services and attract
new ones.

To that end, Council made the decision to proceed
with the purchase of the former McHansons
Hardware building and later in the New Year, Leask
Community Hardware Ltd will be opening under the
Ace Canada Hardware program.

Council thanks McHanson Hardware and the
McHanson Family for their years of service to the
community and wishes them all the best.
